TECHNICAL RULES

POINTS:

- Win : 3 points / Draw: 1 point / Match Lost: 0 point
- Match lost by default : 0 point (0-3)

RANKING SYSTEM:

First part of competition – at the end of the qualification games (group)

- 1. Points after all matches of group phase
- 2. Result of game between the two equal teams
- 3. Goals difference in all matches of group phase
- 4. More goals scored - in the case that the difference between the goals scored and received goals is the same
- 5. Yellow cards (-1 point) and Red cards (-3 points) received in all matches of group phase
- 6. Draw

PENALTIES:

Second part of the competition – classification games

If, after the standard time in classification games, a match ends in a draw, kicks from the PENALTY mark will be taken to determine the winner with the following procedure:

The referee chooses the goal at which the kicks will be taken. The referee tosses a coin and the team whose captain wins the toss decides whether to take the first or the second kick;

- Subject to the conditions explained below, both teams take five kicks. The kicks are taken alternately by the teams;
- If, before both teams have taken five kicks, one has scored more goals than the other could score even if it were to complete its five kicks, no more kicks are taken;
- If, after both teams have taken five kicks, both have scored the same number of goals, or have not scored any goals, kicks continue to be taken until one team has scored a goal more than the other from the same number of kicks;
- All players who finish the game are authorized to take the penalty kicks. Each kick is taken by a different player and all eligible players must take a kick before any player take a second kick;

If, at the end of the match and before the kicks start to be taken from the penalty mark, one team has a greater number of players, than its opponents, it must reduce its numbers to equate with that of its opponents and the team captain must inform the referee of the name and number of each player excluded.

MOROCCO, RABAT 2023

GALA DINNER

27TH JULY

This elegant event will take place in the beautiful city of Rabat, Morocco, at Chellahon July 26, 2023, and promises to be a highlight of the championship.

The evening will be a wonderful opportunity to network, share stories, and celebrate the spirit of competition and friendship that has brought us all together.

Guests will enjoy a delicious meal and a variety of entertainment throughout the night, including traditional Moroccan music, dance performances

CULTURAL ACTIVITIES

NATIONS NIGHT

The Nations' Night promotes cultural exchanges between participating countries by offering each delegation the opportunity to have a stand where it can present itself in a spirit of fairness. Delegations are free to bring whatever material they need to showcase their culture on their stand.

The Nations Night is scheduled for July 30th, 2023, in a space within the accommodation site next to the open-air stage. Delegations wishing to take part will be able to perform a dance/song typical of their country.

Nations wishing to take part in this show are asked to present themselves at the LOC and provide a music/video in MP3/MP4 format, naming the file "nalmeofcountry.songtitle.MP3/MP4".

ISF ACADEMY

ACTIVITIES

Created in December 2022, the ISF Academy is the new educational center of the International School Sport Federation delivering online and onsite capacity-building activities for teachers, school sports representatives, coaches, officials, and students around the world. It aims to recognize and or to upgrade the knowledge and skills of any of these stakeholders involved or planning to be involved in national, continental, or international sports, educational networks, institutions, events, or organisation.

The mission of this body is to design and deliver short-, mid-, and long-term quality education and capacity-building activities for physical education teachers, national school sport representatives, coaches, officials, and students around the world. These educational programmes will be held online on the ISF Academy platform prior to the events and particularly during the organisation of ISF events on-site, after the competition hours.

Therefore, before and during this international ISF event, heads of delegation, coaches, referees, international school athletes, and local school students will have the opportunity to take part in various interactive educational activities on different topics

Safeguarding Children in Sport

We believe that children have the inner resources if educated, to fully understand, identify and react in front of negative behavior such as racism, gender inequity or violence and abuse. The challenge for ISF is to find the right way to express difficult ideas and present complicated topics to young people in order for them, not only to understand but also to appropriately apprehend this issue and be able to react if facing it.

Creating awareness and giving the opportunity for the participants to able to transfer their knowledge when getting back home to their peers is also key to ISF.

Using storytelling, technical basic information, and fostering discussion, the Safeguarding workshop aims to give a clear understanding of the issues surrounding safeguarding in sport. It also aims to give youngsters the knowledge to identify and name abusive behaviours and understand how to react in such cases.

And finally, this class aims to give young people the tools to understand that it's not their fault, that they can ask for help, and where to find help.

ACTIVITIES

Anti-doping Education

Anti-doping education is of the utmost importance for young people due to several compelling reasons and we believe that young people have the inner resources to fully understand, identify and react in front of negative behaviour such as doping.

The challenge for ISF is to find the right way to express difficult ideas and present complicated topics to young people in order for them, not only to understand but also to appropriately apprehend this issue and be able to react if facing it. Creating awareness and giving the opportunity for the participants to be able to transfer their knowledge when getting back home to their peers is also key to ISF.

Anti-doping education goes beyond the realm of sports. It serves as a platform to impart valuable life lessons and cultivate ethical values in young individuals. By emphasizing the importance of honesty, integrity, and personal responsibility, anti-doping education contributes to the moral development of young athletes. It encourages them to make informed choices, stand up against cheating, and develop a strong sense of integrity that extends beyond the realm of sports and into other aspects of their lives. anti-doping education plays a crucial role in shaping the attitudes and behaviors of young people involved in sports.

Educating them about the risks, consequences, and ethical implications of doping, promotes health, fair play, and integrity while providing them with the necessary tools to make informed decisions that align with their long-term well-being and athletic aspirations.

The law and the rules are important, but it is not just rules that safeguard our sport for clean athletes, but also the measures and processes that help put those rules into action. We must all play our part in promoting fair play and that means gaining an appreciation of what leads to certain decisions being made.

ISF/FIFA

FOOTBALL4SCHOOL

ISF/FIFA – FOOTBALL4SCHOOL CAPACITY BUILDING PROGRAMME

Delegations Coaches and PE Teachers from Morocco

Following the first part of that course which took place on the 24 June 2023 on the ISF Academy platform, the FIFA will deliver the second part of this training onsite in Rabat during the ISF World Schools Football Championship.

This course will take place on the 27 July in the Royal Institute Moulay Rachid from 13h30 to 18h30.

This course will exclusively be organised for the event' coaches and PE Teachers from Morocco. Please note that only coaches who do not have games on the 27th of July could attend this course.

To obtain the final certification of completion for that course, each participant shall have participated in live or replay to the online course of the 24 June on the ISF Academy platform, to have successfully completed the assessment (with more than 50% positive answers) and to participate to the complete FOOTBALL4SCHOOL course on the 27 July 2023.

The aim of this course is to present the unique philosophy of a FIFA Football for Schools session. It will allow the coaches and PE Teachers of the ISF network to understand how to use football to empower and educate children. During this course, the participants will discover theoretical and practical ways to embed life skills into Football sessions for school children.

Morocco travel adaptors

You will need to consider what to pack, to ensure you can use your personal electrical appliances safely whilst abroad. This normally includes the use of a travel adaptor, which is a device that simply allows you to plug any UK electrical appliance into a foreign electrical socket. It is important to note that it does not convert the voltage or frequency.

For Morocco there are two associated plug types, types C and E. Plug type C is the plug which has two round pins and plug type E is the plug which has two round pins and a hole for the socket's male earthing pin. Morocco operates on a 220V supply voltage and 50Hz.

Type C

Type E

The Moroccan dirham is the official monetary currency of Morocco. It is issued by the Bank Al-Maghrib, the central bank of Morocco. One Moroccan dirham is subdivided into 100 santimat.
